

Outdoor RFID Access Control Reader

The C2SR device is a IP65 water- proof card reader, suitable for outdoor applications. It operates at 32-Bit High Speed CPU, supports 125KHz EM card or 13.56MHz mifare. The C2SR has Wiegand 26/34, with operating temperature of -20°C-65°C and operating humidity of 20%-80%.

- Wiegand 26/34
- Power Supply 12V DC, <90mA
- Operating Frequency 125KHz 13.56MHz
- Operating Temperature: -25 °C-60 °C
- Operating Humidity: 20%-80%
- IP65

ANVIZ

Feature	
Identification Mode	Card
Identification Speed	<80ms
RFID Card	EM/Mifare Card
LED Indicator	Support
Waterproof Level	IP65
Wiegand	Wiegand Output
Hardware	
Card Read Range	0-5cm (125KHz >8cm, 13.56MHz >2CM)
Operating Voltage	DC 12V
Operating Temperature	-20°C to +65°C
Size(WxHxD)	50 x 159 x 25mm
